

AMBULANCE PRESENTED BY AMERICAN MEMBERS OF THE ALPINE CLUB.

THE GIFT OF AN AMBULANCE

ALL members of the Alpine Club will be delighted to learn that the thirty-two American members of the Alpine Club have subscribed to present an ambulance, together with a sum for one year's maintenance, to the British Army. An inscription upon the doors reads as follows :

‘ AMERICAN MEMBERS OF THE ALPINE CLUB
IN MEMORY OF CAPTAIN JOHN PERCY FARRAR.’

The task of organisation has been carried out by Dr. J. Monroe Thorington, to whom, as to all other subscribers, we express our liveliest appreciation and gratitude both for their generous contribution to our cause and for this honour to the memory of a great mountaineer who, perhaps more than any other, regarded the love of mountains as a bond of union between men of every nationality.
